THE LENDER FOR SOCIAL PURPOSE

Providing supportive lending

Co-operative & Community Finance provides supportive lending to help people take control of their economic lives and create social benefit.

We exclusively serve the co-operative and social enterprise sector, and for over 40 years we have supported many hundreds of businesses ranging from small community-run enterprises to large award-winning organisations. We have helped to create and preserve thousands of jobs within the social enterprise sector and supported the set up of many new and innovative co-operatives, employee buyouts and community enterprises.

We are the oldest Community Development Finance Institution (CDFI) in the UK and it has been our role since 1973 to encourage, nurture and support the co-operative, community and social enterprise sector.

Our rates are competitive, unlike many other lenders we don't require personal guarantees, and our profits are reinvested to enable us to continue our work.

We currently have over £3m of our own capital to lend, available to those that practise or support the principles of co-operation, social ownership and sustainable development. All the money that we lend comes from individuals and organisations that support our mission. As we are authorised and regulated by the FCA we are also able to manage a number of loan funds on behalf of other lenders.

When finance is needed to set up a new venture, expand an existing one, turn a conventional business into a social one or a private business into an employee-owned business, we can help turn dreams into reality. We can also replace existing finance packages. All our borrowers have the assurance that comes from receiving support from an organisation that is democratically owned and controlled by its borrower and investor members.

As well as providing finance, we offer free business support to our borrowers throughout the terms of their loans.

We welcome the opportunity to discuss business proposals and answer enquiries, so for an informal discussion about how we may be able to help your enterprise succeed, contact us using the details given on the back page of this report.

Our staff

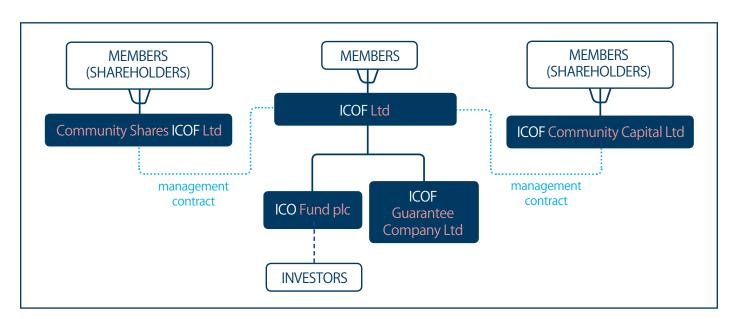

Our structure

Co-operative & Community Finance is the trading name of ICOF Ltd which has two subsidiary companies, ICOF Guarantee Company Ltd and Industrial Common Ownership Fund plc (ICO Fund plc).

ICOF Community Capital Ltd (Community Capital) and Community Shares ICOF Ltd (CSI), which was set up in January 2012, are free standing community benefit societies. ICOF acts as fund manager for these societies. See diagram below.

Membership of ICOF Ltd is open to any individual or organisation that supports our aims and who pays a one-off membership fee (currently £30). All our borrowers automatically become members.

Membership of Community Capital is open to individuals or organisations that have bought shares in the society. The minimum investment is currently £250. Membership of CSI is open to organisations that have bought shares in the society.

ICOF Group

Chair's report on behalf of the Trustees

I am pleased to present my fourth annual report as Chair of ICOF Group. This is the 42nd Annual Report and is directed at the members of ICOF and the co-operative shareholders of ICO Fund plc.

During 2014 ICOF continued to meet its stated constitutional objectives of lending to co-operatives, employee-owned businesses, social firms, social enterprises and development

trusts throughout mainland UK, and thereby enabling people to take more control of their own economic lives.

A significant year of growth

Lending for the group in 2014 reached £632,000, which was an increase on the record seen last year. Loan balances at the end of the year stood at £1.87m. Demand was strong following our 40th anniversary celebrations in 2013. These results were buoyed by increased lending across the various co-operative sectors including housing, employee ownership and community-owned businesses.

Our borrowers included Oxford Wood Recycling, a community business based in Oxford. They offer a waste wood collection service to businesses and are a reseller of recovered waste wood for DIY, construction and gardening. Their stated aims include increasing the amount of wood diverted from landfill and incineration, for recycling and reuse and to provide employment and volunteering opportunities for those people facing real barriers to working.

We also supported Four Corners, who are a long established media resource for production and training in photography and film. Based in East London they have been supporting filmmakers and artists and offering work placement for over 34 years. They offer five floors of office and work space and are home to 20 creative businesses.

Income for the year was on a par with last at £262,000 although loan interest began to climb reflecting the busy lending year.

Expenditure fell by 2% year on year demonstrating tight control of our cost base.

General provisions increased by £6,059 in line with lending and with write offs to capital of £6,323 this meant the group made a loss of £12,877.

The group enjoyed a third year of no specific provisions for lending losses.

We are happy to say that further to the contingent liability note on last year's accounts all claims have either been settled or provided for and the appropriate loan capital adjustments have been made through these accounts.

Though the general economy has shown tentative growth, conditions remain incredibly tough for all businesses. Co-operative and mutual structures have shown themselves to be more resilient than most, borne out by the fact that the group has experienced no lending losses for the past three years.

The Co-operative Loan Fund

2014 was another successful year for the Fund with advances of £373,000 made to 12 co-operative enterprises. This was the second busiest year in terms of lending and Co-operative & Community Finance continued to manage the Fund that has representation on its board and is funded by retail co-operative societies. These include the Co-operative Group, Midcounties Co-operative Society, East of England Co-operative Society, Chelmsford Star Society and Co-operative Financial Services.

The Community Shares Fund

This Fund was set up in 2012 by Co-operative & Community Finance, with funds from The Co-operative Enterprise Hub, specifically to support community-owned enterprises seeking to raise investment through a community share issue. In 2014 we supported two community share issues, investing £92,000.

London Development Agency (SME) Wholesale Finance Loan Fund

This year saw the contracted end of this £1.8m fund that Co-operative & Community Finance has managed since 2004.

Back Office

Co-operative & Community Finance continued to expand back-office services for Big Issue Invest and Radical Routes.

And finally ...

None of this would be possible without the staff and Trustees and I would like to give my thanks to them for their hard work and dedication throughout the year. We look forward to a busy 2015 continuing to provide finance to the co-operative and community sectors.

ICO Fund plc

Report by shareholders' representative

The ICO Fund plc was launched in 1987 as a subsidiary of ICOF Ltd with the specific purpose of raising capital by public share issue. There was a clear identifiable need for a fund to help support and develop worker co-operatives and employee buyouts across the UK. This was a successful and pioneering approach to ethical investment. It enabled those who were concerned for their local communities to get involved.

The shares offered were 10-year redeemable preference shares and the success was repeated in 1997 as the fund grew to over £1.1m and again in 2007 when over £1.3m was raised.

2014 proved to be another extremely strong year with £394,000 of support provided to co-operative businesses that brought the portfolio to £907,340 at the end of the year. As a result, turnover increased by 25% to £53,177 and correspondingly administrative expenses increased in line with the demand for our services. However, such buoyant lending necessitated an increase in the general provision of £5,949 and further to a write off to capital of £2,750 the result for the year was a loss for the company of £6,234 (2013 – (loss) £8,603).

Importantly, since the beginning of the fund over £5m has been lent meaning that every £1 invested has been on lent five times.

Some notable examples of lending this year included:

- Ecosulis a Bath-based employee-owned environmental and ecological consultancy. They provide services such as impact assessment and mitigation, protected species survey assessment and habitat creation with clients such as the Environment Agency and local and regional authorities.
- Biomass Energy Coop based in Manchester distributing and installing wood burning biomass boilers throughout the UK.
- The Peninsula Trust founded in March 2014 to support the community of the Rame Peninsula in south east Cornwall. This, their first project, was to buy a large semi-derelict building and create a community hub - The Rame Centre. It will host a wide range of activities and services to address the problems of poor local authority services creating wider opportunities for the community.

Biomass Energy Coop

Shareholders will be aware that no dividend had been paid on their investments since 2008. While there have been no lending losses to the fund in the last three years the previous years of recession have seen losses that hampered the Board's ability to recommend a dividend. As the profit and loss account remains in a negative position the Board are unable to recommend a dividend for 2014.

Providing over £5m in financial help to co-operative and employee owned businesses has all been made possible by our investors both past and present.

On behalf of ICO Fund plc I would like to thank everyone for their continued support.

Andy Love MP, Shareholders' Representative, ICO Fund plc

Shareholders' Representative

Andy Love was re-elected as the representative by shareholders on 27 June 2014. In accordance with the Articles of Association, he retires under article 32b and ICO Fund plc Article 6 (3). He offers himself for re-election in 2015.

ICOF Community Capital Ltd

Chair's report on behalf of the Directors

I am pleased to offer my fourth annual report as Chair of ICOF Community Capital Ltd, covering the financial and calendar year 2014. This 21st Annual Report is directed at the members of ICOF Community Capital Ltd.

ICOF Community Capital Ltd is an investment society offering individuals and organisations withdrawable membership shares and its capital is used to provide loan finance to a wide range of community businesses, social enterprises and co-operatives.

The Fox and Hounds

In 2014 ICOF Community Capital Ltd continued to support a growing number of communities in the UK seeking to deliver solutions to local needs. These communities are establishing real businesses that run as efficient and effective enterprises that serve the communities in which they are based.

Another lending milestone

Demand for our services in 2014 was high. We saw an increase in lending of 83% to £302,000 with loan balances at the end of the year standing at £664,328. That said the lending performance was not mirrored in the financial performance of the society.

Further to buoyant demand turnover increased to £27,349 (20%). Despite this the society made a loss for the year of £13,202. The surge in lending meant that an increase in specific provisions of £5,035 was required at the year-end along with a write off to capital of £5,918 in relation to the 2013 contingent liability on the group accounts.

While this was a disappointing performance given the jump in lending, results moving forward will be bolstered by the significant lending seen in 2014 underlined by the 20% growth in turnover.

A diverse loan portfolio

Notable stories among the lending this year were The Fox and Hounds Community Co-operative in Denmead, Hampshire. The village pub was being run down and scheduled for demolition. The residents formed a co-operative, registered the pub as an asset of community value and with the help of ICOF Community Capital Ltd and their share issue raised enough funds to buy the building. It is now a thriving community hub.

Another significant loan was to Fresh Horizons, a development trust based in Huddersfield. They help people access support services that include training and employment, community buildings and housing. We have had a long relationship with the organisation and these funds were used to refurbish three properties to bring them back in to residential use for the community.

Looking forward

We never fail to be amazed at the diversity and innovation demonstrated by our existing borrowers and it inspires us to make sure that the services and support we provide will help them go from strength to strength. As such ICOF Community Capital Ltd continues to help provide communities with the incentive and opportunity to make their projects happen.

And finally ...

I would like to take this opportunity to express my thanks for the work over the past year of the ICOF staff team and my fellow Directors.

Jo White Chair of ICOF Community Capital Ltd

Trustees' responsibilities

The Trustees are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and the United Kingdom Generally Accepted Accounting Practice.

Trustees are required by company law to prepare financial statements which give a true and fair view of the state of affairs of the company and group at the end of the financial year and of the profit or loss of the company and group for the period ending on that date. In preparing those financial statements, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the accounts on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The Trustees are responsible for maintaining proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and group and to enable them to ensure that the financial statements accounts comply with the Companies Act 2006. They have general responsibility for taking such steps that are reasonably open to them to safeguard assets of the company and group and to detect fraud and other irregularities.

Each Trustee has taken steps that they ought to have taken as a Trustee in order to make themselves aware of any relevant audit information and to establish that the company's auditors are aware of that information. The Trustees confirm that there is no relevant information that they know of and which they know the auditors are unaware of.
